A. Statutory Authority (1 of 3)

- 1. Waiver Authority. The State's waiver program is authorized under section 1915(b) of the Act, which permits the Secretary to waive provisions of section 1902 for certain purposes. Specifically, the State is relying upon authority provided in the following subsection(s) of the section 1915(b) of the Act (if more than one program authorized by this waiver, please list applicable programs below each relevant authority):
 - a. 1915(b)(1) The State requires enrollees to obtain medical care through a primary care case management (PCCM) system or specialty physician services arrangements. This includes mandatory capitated programs.
 - -- Specify Program Instance(s) applicable to this authority
 - **LAHCM**
 - **b.** 1915(b)(2) A locality will act as a central broker (agent, facilitator, negotiator) in assisting eligible individuals in choosing among PCCMs or competing MCOs/PIHPs/PAHPs in order to provide enrollees with more information about the range of health care options open to them.
 - -- Specify Program Instance(s) applicable to this authority
 - □ LAHCM
 - c. 1915(b)(3) The State will share cost savings resulting from the use of more cost-effective medical care with enrollees by providing them with additional services. The savings must be expended for the benefit of the Medicaid beneficiary enrolled in the waiver. Note: this can only be requested in conjunction with section 1915(b) (1) or (b)(4) authority.
 - -- Specify Program Instance(s) applicable to this authority
 - LAHCM
 - d. 1915(b)(4) The State requires enrollees to obtain services only from specified providers who undertake to provide such services and meet reimbursement, quality, and utilization standards which are consistent with access, quality, and efficient and economic provision of covered care and services. The State assures it will comply with 42 CFR 431.55(f).
 - -- Specify Program Instance(s) applicable to this authority
 - **▼** LAHCM

The 1915(b)(4) waiver applies to the following programs

- ☐ MCO
- **PIHP**
- **PAHP**
- **PCCM** (Note: please check this item if this waiver is for a PCCM program that limits who is eligible to be a primary care case manager. That is, a program that requires PCCMs to meet certain quality/utilization criteria beyond the minimum requirements required to be a fee-for-service Medicaid contracting provider.)
- FFS Selective Contracting program

Please describe:

The waiver requested is limited to the case management services in the proposed amendment for the 1915(c) waiver, the Living at Home Waiver (MD 0353).

A. Statutory Authority (2 of 3)

	ions Waived. Relying upon the authority of the above section(s), the State requests a waiver of the following sections of the Act (if this waiver authorizes multiple programs, please list program(s) separately under each applicable statute): Section 1902(a)(1) - StatewidenessThis section of the Act requires a Medicaid State plan to be in effect in all
	political subdivisions of the State. This waiver program is not available throughout the State. Specify Program Instance(s) applicable to this statute LAHCM
b.	Section 1902(a)(10)(B) - Comparability of ServicesThis section of the Act requires all services for categorical
	needy individuals to be equal in amount, duration, and scope. This waiver program includes additional benefits such as case management and health education that will not be available to other Medicaid beneficiaries not enrolled in the waiver program. Specify Program Instance(s) applicable to this statute LAHCM
c.	Section 1902(a)(23) - Freedom of ChoiceThis Section of the Act requires Medicaid State plans to permit all
	individuals eligible for Medicaid to obtain medical assistance from any qualified provider in the State. Under this program, free choice of providers is restricted. That is, beneficiaries enrolled in this program must receive certain services through an MCO, PIHP, PAHP, or PCCM. Specify Program Instance(s) applicable to this statute LAHCM
d.	Section 1902(a)(4) - To permit the State to mandate beneficiaries into a single PIHP or PAHP, and restrict
	disenrollment from them. (If state seeks waivers of additional managed care provisions, please list here).

B. Delivery Systems (1 of 3)

- 1. **Delivery Systems.** The State will be using the following systems to deliver services:
 - a. MCO: Risk-comprehensive contracts are fully-capitated and require that the contractor be an MCO or HIO. Comprehensive means that the contractor is at risk for inpatient hospital services and any other mandatory State plan service in section 1905(a), or any three or more mandatory services in that section. References in this preprint to MCOs generally apply to these risk-comprehensive entities.
 - **PIHP:** Prepaid Inpatient Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments or other payment arrangements that do not use State Plan payment rates; (2) provides, arranges for, or otherwise has responsibility for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. Note: this includes MCOs paid on a non-risk basis.
 - The PIHP is paid on a risk basis
 - The PIHP is paid on a non-risk basis
 - e. PAHP: Prepaid Ambulatory Health Plan means an entity that: (1) provides medical services to enrollees under contract with the State agency, and on the basis of prepaid capitation payments, or other payment arrangements that do not use State Plan payment rates; (2) does not provide or arrange for, and is not otherwise responsible for the provision of any inpatient hospital or institutional services for its enrollees; and (3) does not have a comprehensive risk contract. This includes capitated PCCMs.
 - The PAHP is paid on a risk basis
 - The PAHP is paid on a non-risk basis
 - **d. PCCM:** A system under which a primary care case manager contracts with the State to furnish case management services. Reimbursement is on a fee-for-service basis. Note: a capitated PCCM is a PAHP.
 - **Fee-for-service (FFS) selective contracting:** State contracts with specified providers who are willing to meet certain reimbursement, quality, and utilization standards.
 - the same as stipulated in the state plan
 - **6** different than stipulated in the state plan Please describe:

Reimbursement for waiver case management services in the proposed amendment to the 1915(c) Living at Home waiver (MD 0353) will be based on a rate defined in state Regulations. Maryland will use a competitive solictation process to select providers of case management services that will bill for providing this as an administrative and waiver service. The identified provider(s) will enter into the standard provider agreement but will meet additional quality standards and perform enhanced quality monitoring and remediation duties identified through the solicitation process.

C. Choice of MCOs, PIHPs, PAHPs, and PCCMs (1 of 3)

1.	Assurances.

- The State assures CMS that it complies with section 1932(a)(3) of the Act and 42 CFR 438.52, which require that a State that mandates Medicaid beneficiaries to enroll in an MCO, PIHP, PAHP, or PCCM must give those beneficiaries a choice of at least two entities.
 - The State seeks a waiver of section 1932(a)(3) of the Act, which requires States to offer a choice of more than one PIHP or PAHP per 42 CFR 438.52. Please describe how the State will ensure this lack of choice of PIHP or PAHP is not detrimental to beneficiaries' ability to access services.

E. Populations Included in Waiver (2 of 3)

2. Excluded Populations. Within the groups identified above, there may be certain groups of individuals who are excluded from the Waiver Program. For example, the "Aged" population may be required to enroll into the program, but "Dual Eligibles" within that population may not be allowed to participate. In addition, "Section 1931 Children" may be able to enroll voluntarily in a managed care program, but "Foster Care Children" within that population may be excluded from that program. Please indicate if any of the following populations are excluded from participating in the Waiver Program:

	Medicare Dual EligibleIndividuals entitled to Medicare and eligible for some category of Medicaid benefits. (Section $1902(a)(10)$ and Section $1902(a)(10)(E)$)
	Poverty Level Pregnant Women Medicaid beneficiaries, who are eligible only while pregnant and for a short time after delivery. This population originally became eligible for Medicaid under the SOBRA legislation.
	Other Insurance Medicaid beneficiaries who have other health insurance.
	Reside in Nursing Facility or ICF/MR Medicaid beneficiaries who reside in Nursing Facilities (NF) or Intermediate Care Facilities for the Mentally Retarded (ICF/MR).
	Enrolled in Another Managed Care Program Medicaid beneficiaries who are enrolled in another Medicaid managed care program
	Eligibility Less Than 3 Months Medicaid beneficiaries who would have less than three months of Medicaid eligibility remaining upon enrollment into the program.
	Participate in HCBS Waiver Medicaid beneficiaries who participate in a Home and Community Based Waiver (HCBS, also referred to as a 1915(c) waiver).
П	American Indian/Alaskan Native Medicaid beneficiaries who are American Indians or Alaskan Natives and members of federally recognized tribes.
	Special Needs Children (State Defined) Medicaid beneficiaries who are special needs children as defined by the State Please provide this definition.
	SCHIP Title XXI Children – Medicaid beneficiaries who receive services through the SCHIP program.

1. Assurances.

- The State assures CMS that services under the Waiver Program will comply with the following federal requirements:
 - Services will be available in the same amount, duration, and scope as they are under the State Plan per 42 CFR 438.210(a)(2).
 - Access to emergency services will be assured per section 1932(b)(2) of the Act and 42 CFR 438.114.
 - Access to family planning services will be assured per section 1905(a)(4) of the Act and 42 CFR 431.51(b)
 - The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of more of the regulatory requirements listed above for PIHP or PAHP programs. Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any. (See note below for limitations on requirements that may be waived).
- The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of 42 CFR 438.210(a)(2), 438.114, and 431.51 (Coverage of Services, Emergency Services, and Family Planning) as applicable. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.
- This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply. The State assures CMS that services will be available in the same amount, duration, and scope as they are under the State Plan.
- The state assures CMS that it complies with Title I of the Medicare Modernization Act of 2003, in so far as these requirements are applicable to this waiver.

Note: Section 1915(b) of the Act authorizes the Secretary to waive most requirements of section 1902 of the Act for the purposes listed in sections 1915(b)(1)-(4) of the Act. However, within section 1915(b) there are prohibitions on waiving the following subsections of section 1902 of the Act for any type of waiver program:

- Section 1902(s) -- adjustments in payment for inpatient hospital services furnished to infants under age 1, and to children under age 6 who receive inpatient hospital services at a Disproportionate Share Hospital (DSH) facility.
- Sections 1902(a)(15) and 1902(bb) prospective payment system for FQHC/RHC
- Section 1902(a)(10)(A) as it applies to 1905(a)(2)(C) comparability of FQHC benefits among Medicaid beneficiaries
- Section 1902(a)(4)(C) -- freedom of choice of family planning providers
- Sections 1915(b)(1) and (4) also stipulate that section 1915(b) waivers may not waive freedom of choice of emergency services providers.

F. Services (2 of 5)

- **2. Emergency Services.** In accordance with sections 1915(b) and 1932(b) of the Act, and 42 CFR 431.55 and 438.114, enrollees in an MCO, PIHP, PAHP, or PCCM must have access to emergency services without prior authorization, even if the emergency services provider does not have a contract with the entity.
 - The PAHP, PAHP, or FFS Selective Contracting program does not cover emergency services.

- **3. Family Planning Services.** In accordance with sections 1905(a)(4) and 1915(b) of the Act, and 42 CFR 431.51(b), prior authorization of, or requiring the use of network providers for family planning services is prohibited under the waiver program. Out-of-network family planning services are reimbursed in the following manner:
 - The MCO/PIHP/PAHP will be required to reimburse out-of-network family planning services.
 - The MCO/PIHP/PAHP will be required to pay for family planning services from network providers, and the State will pay for family planning services from out-of-network providers.

The State will pay for all family planning services, whether provided by network or out-of-network providers.

A. Timely Access Standards (1 of 7)

Part II: Access

Each State must ensure that all services covered under the State plan are available and accessible to enrollees of the 1915(b) Waiver Program. Section 1915(b) of the Act prohibits restrictions on beneficiaries' access to emergency services and family planning services.

1. Assurances for MCO, PIHP, or PAHP programs

he State assures CMS that it complies with section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability	of
ervices; in so far as these requirements are applicable.	

The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

The CMS Regional Office has reviewed and approved the MCO, PIHP, or PAHP contracts for compliance with the provisions of section 1932(c)(1)(A)(i) of the Act and 42 CFR 438.206 Availability of Services. If this is an initial

waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

Selection and Retention of Providers: This section provides the State the opportunity to describe any c. requirements, policies or procedures it has in place to allow for the review and documentation of qualifications and other relevant information pertaining to a provider who seeks a contract with the State or PCCM administrator as a PCCM. This section is required if the State has applied for a 1915(b)(4) waiver that will be applicable to the PCCM program.

Please check any processes or procedures listed below that the State uses in the process of selecting and retaining PCCMs. The State (please check all that apply):

- Has a documented process for selection and retention of PCCMs (please submit a copy of that 1.
- Has an initial credentialing process for PCCMs that is based on a written application and site visits as 2. appropriate, as well as primary source verification of licensure, disciplinary status, and eligibility for payment under Medicaid.
- Has a recredentialing process for PCCMs that is accomplished within the time frame set by the State 3. and through a process that updates information obtained through the following (check all that apply):

4. Details for 1915(b)(4) only programs: Please describe how the State assures quality in the services that are covered by the selective contracting program. Please describe the provider selection process, including the criteria used to select the providers under the waiver. These include quality and performance standards that the providers must meet. Please also describe how each criteria is weighted:

The service to be provided through the 1915(b)(4) waiver is case management for the 1915(c) waiver, Living at Home Waiver as reflected in the proposed 1915(c) amendment. A solicitation will be issued for each of four regions and will be widely publicized. An evaluation committee will select the provider(s) according to evaluation criteria including demonstrated knowledge, experience, and capacity to provide quality waiver case management services as outlined in the solicitation. The selected provider(s) will be required to meet performance measures for the service as outlined in the 1915(c) application. The provider(s) will be required to administer a client satisfaction survey for participants to evaluate case management services every year. Using the results, a "Case Management Satisfaction Survey Report" that includes a summary and analysis of the participants' satisfaction with services based on the contractor's annual satisfaction survey; will be submitted to the State. The provider(s) will also develop and implement a Quality Assurance Plan to monitor and ensure all State established case management requirements are accomplished. The plan shall be approved by the State before implementation and contain clearly defined goals and standards for each service and/or responsibility.

d. Disenrollment

	The State allows enrollees to disenroll from/transfer between MCOs/PIHPs/PAHPs and PCCMs. Regardless of
5	whether plan or State makes the determination, determination must be made no later than the first day of the second month following the month in which the enrollee or plan files the request. If determination is not made within this time frame, the request is deemed approved. Enrollee submits request to State.

iii	Enrollee must seek redress through MCO/PIHP/PAHP/PCCM grievance procedure before determination will be made on disenrollment request.
□ ′	The State does not permit disenrollment from a single PIHP/PAHP (authority under 1902 (a)(4) authority must
	be requested), or from an MCO, PIHP, or PAHP in a rural area.
	The State has a lock-in period (i.e. requires continuous enrollment with MCO/PIHP/PAHP/PCCM) of
	months (up to 12 months permitted). If so, the State assures it meets the requirements of 42 CFR 438.56(c).
(Please describe the good cause reasons for which an enrollee may request disenrollment during the lock-in period (in addition to required good cause reasons of poor quality of care, lack of access to covered services, and lack of access to providers experienced in dealing with enrollee's health care needs):

- The State assures CMS that it complies with section 1932(a)(5)(B)(ii) of the Act and 42 CFR 438 Subpart C Enrollee Rights and Protections.
- The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

- The CMS Regional Office has reviewed and approved the MCO, PIHP, PAHP, or PCCM contracts for compliance with the provisions of section 1932(a)(5)(B)(ii) of the Act and 42 CFR Subpart C Enrollee Rights and Protections. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.
- This is a proposal for a 1915(b)(4) FFS Selective Contracting Program only and the managed care regulations do not apply.
- The State assures CMS it will satisfy all HIPAA Privacy standards as contained in the HIPAA rules found at 45 CFR Parts 160 and 164.

griev prove PCC heari	ional grievance systems for PCCM and PAHP programs. States, at their option, may operate a PCCM and/or PAHP vance procedure (distinct from the fair hearing process) administered by the State agency or the PCCM and/or PAHP that ides for prompt resolution of issues. These grievance procedures are strictly voluntary and may not interfere with a CM, or PAHP enrollee's freedom to make a request for a fair hearing or a PCCM or PAHP enrollee's direct access to a fair in instances involving terminations, reductions, and suspensions of already authorized Medicaid covered services. The State has a grievance procedure for its PCCM and/or PAHP program characterized by the following (please check any of the following optional procedures that apply to the optional PCCM/PAHP grievance procedure): The grievance procedures are operated by: the State
	the State's contractor.
	Please identify: the PCCM the PAHP
	Requests for review can be made in the PCCM and/or PAHP grievance system (e.g. grievance, appeals):
	Please describe:
	Has a committee or staff who review and resolve requests for review. Please describe if the State has any specific committee or staff composition or if this is a fiscal agent, enrollment broker,
	or PCCM administrator function:
	Specifies a time frame from the date of action for the enrollee to file a request for review.
	Please specify the time frame for each type of request for review:
	Has time frames for resolving requests for review.
	Specify the time period set for each type of request for review:
	Establishes and maintains an expedited review process.
	Please explain the reasons for the process and specify the time frame set by the State for this process:
	Permits enrollees to appear before State PCCM/PAHP personnel responsible for resolving the request for review. Notifies the enrollee in writing of the decision and any further opportunities for additional review, as well as the

1. Assurances

F. Program Integrity (1 of 3)

- The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.610 Prohibited Affiliations with Individuals Barred by Federal Agencies. The State assures that it prohibits an MCO, PCCM, PIHP, or PAHP from knowingly having a relationship listed below with:
 - 1. An individual who is debarred, suspended, or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, or
 - 2. An individual who is an affiliate, as defined in the Federal Acquisition Regulation, of a person described above.

The prohibited relationships are:

- 1. A director, officer, or partner of the MCO, PCCM, PIHP, or PAHP;
- 2. A person with beneficial ownership of five percent or more of the MCO's, PCCM's, PIHP's, or PAHP's equity;
- 3. A person with an employment, consulting or other arrangement with the MCO, PCCM, PIHP, or PAHP for the provision of items and services that are significant and material to the MCO's, PCCM's, PIHP's, or PAHP's obligations under its contract with the State.
- The State assures that it complies with section 1902(p)(2) and 42 CFR 431.55, which require section 1915(b) waiver programs to exclude entities that:
 - 1. Could be excluded under section 1128(b)(8) of the Act as being controlled by a sanctioned individual;
 - 2. Has a substantial contractual relationship (direct or indirect) with an individual convicted of certain crimes described in section 1128(b)(8)(B) of the Act;
 - 3. Employs or contracts directly or indirectly with an individual or entity that is
 - **a.** precluded from furnishing health care, utilization review, medical social services, or administrative services pursuant to section 1128 or 1128A of the Act, or
 - **b.** could be exclude under 1128(b)(8) as being controlled by a sanctioned individual.

2. Assurances For MCO or PIHP programs

- The State assures CMS that it complies with section 1932(d)(1) of the Act and 42 CFR 438.608 Program Integrity Requirements, in so far as these regulations are applicable.
- State payments to an MCO or PIHP are based on data submitted by the MCO or PIHP. If so, the State assures CMS that it is in compliance with 42 CFR 438.604 Data that must be Certified, and 42 CFR 438.606 Source, Content, Timing of Certification.
- The State seeks a waiver of section 1902(a)(4) of the Act, to waive one or more of the regulatory requirements listed for PIHP or PAHP programs.

Please identify each regulatory requirement for which a waiver is requested, the managed care program(s) to which the waiver will apply, and what the State proposes as an alternative requirement, if any:

The CMS Regional Office has reviewed and approved the MCO or PIHP contracts for compliance with the provisions of section 1932(d)(1) of the Act and 42 CFR 438.604 Data that must be Certified; 438.606 Source, Content, Timing of Certification; and 438.608 Program Integrity Requirements. If this is an initial waiver, the State assures that contracts that comply with these provisions will be submitted to the CMS Regional Office for approval prior to enrollment of beneficiaries in the MCO, PIHP, PAHP, or PCCM.

Part II: Details of Monitoring Activities

Details of Monitoring Activities by Authorized Programs

For each program authorized by this waiver, please provide the details of its monitoring activities by editing each program listed below.

Programs Authorized by this Waiver:	

Program	Type of Program
LAHCM	FFS;

Note: If no programs appear in this list, please define the programs authorized by this waiver on the Section B: Monitoring Plan

Part II: Details of Monitoring Activities

Program Instance: Living at Home Waiver for Case Management

Please check each of the monitoring activities below used by the State. A number of common activities are listed below, but the State may identify any others it uses. If federal regulations require a given activity, this is indicated just after the name of the activity. If the State does not use a required activity, it must explain why.

For each activity, the state must provide the following information:

- Personnel responsible (e.g. state Medicaid, other state agency, delegated to plan, EQR, other contractor)
- Detailed description of activity
- Frequency of use
- How it yields information about the area(s) being monitored

a.	Accreditation for Non-duplication (i.e. if the contractor is accredited by an organization to meet certain access, structure	e/operation,
	and/or quality improvement standards, and the state determines that the organization's standards are at least as stringent as specific standards required in 42 CFR 438 Subpart D, the state deems the contractor to be in compliance with the state-spe standards)

c. Consumer Self-Report data

Activity Details:

The State has a reportable events policy that is used to follow up on significant incidents and complaints. Once a complaint is received by the State, it will review the findings and supporting documentation, follow up with appropriate parties, and if necessary, determine and implement appropriate action involving the participant, provider, etc., such as recommending Corrective Action Plan (CAP). The policy in its entirety may be found at:

http://www.dhmh.state.md.us/mma/waiverprograms/pdf/HCBS_RE111705.pdf In addition the contractor will develop and implement a consumer satisfaction survey that will allow the consumer to report information about their case management services to a neutral third party. This survey will provide information for quality monitoring.

Section C: Monitoring Results

Initial Waiver Request

Section 1915(b) of the Act and 42 CFR 431.55 require that the State must document and maintain data regarding the effect of the waiver on the accessibility and quality of services as well as the anticipated impact of the project on the State's Medicaid program. In Section B of this waiver preprint, the State describes how it will assure these requirements are met. For an initial waiver request, the State provides assurance in this Section C that it will report on the results of its monitoring plan when it submits its waiver renewal request. For a renewal request, the State provides evidence that waiver requirements were met for the most recent waiver period. Please use Section D to provide evidence of cost-effectiveness.

CMS uses a multi-pronged effort to monitor waiver programs, including rate and contract review, site visits, reviews of External Quality Review reports on MCOs/PIHPs, and reviews of Independent Assessments. CMS will use the results of these activities and reports along with this Section to evaluate whether the Program Impact, Access, and Quality requirements of the waiver were met.

This is an Initial waiver request.

The State assures that it will conduct the monitoring activities described in Section B, and will provide the results in Section C of its waiver renewal request.

A. Assurances

- a. [Required] Through the submission of this waiver, the State assures CMS:
 - The fiscal staff in the Medicaid agency has reviewed these calculations for accuracy and attests to their correctness.
 - The State assures CMS that the actual waiver costs will be less than or equal to or the State's waiver cost projection.
 - Capitated rates will be set following the requirements of 42 CFR 438.6(c) and will be submitted to the CMS Regional Office for approval.
 - Capitated 1915(b)(3) services will be set in an actuarially sound manner based only on approved 1915(b)(3) services and their administration subject to CMS RO prior approval.
 - The State will monitor, on a regular basis, the cost-effectiveness of the waiver (for example, the State may compare the PMPM Actual Waiver Cost from the CMS 64 to the approved Waiver Cost Projections). If changes are needed, the State will submit a prospective amendment modifying the Waiver Cost Projections.
 - The State will submit quarterly actual member month enrollment statistics by MEG in conjunction with the State's submitted CMS-64 forms.

D. PCCM portion of the waiver only: Reimbursement of PCCM Providers

Under this waiver, providers are reimbursed on a fee-for-service basis. PCCMs are reimbursed for patient management in the following manner (please check and describe):

Management fees are expected to be paid under this waiver. a.

The management fees were calculated as follows.

■ Year 1: \$ per member per month fee. **☐** Year 2: \$ per member per month fee. **■** Year 3: \$ per member per month fee. **☐** Year 4: \$

Enhanced fee for primary care services.

Please explain which services will be affected by enhanced fees and how the amount of the enhancement was determined.

per member per month fee.

■ Bonus payments from savings generated under the program are paid to case managers who control c. beneficiary utilization. Under D.I.H.d., please describe the criteria the State will use for awarding the incentive payments, the method for calculating incentives/bonuses, and the monitoring the State will have in place to ensure that total payments to the providers do not exceed the Waiver Cost Projections (Appendix D5). Bonus payments and incentives for reducing utilization are limited to savings of State Plan service costs under the waiver. Please also describe how the State will ensure that utilization is not adversely affected due to incentives inherent in the bonus payments. The costs associated with any bonus arrangements must be accounted for in Appendix D3. Actual Waiver

E. Member Months

Please mark all that apply.

- 1. Base year data is from the same population as to be included in the waiver.
- Base year data is from a comparable population to the individuals to be included in the waiver. (Include a statement from an actuary or other explanation, which supports the conclusion that the populations are comparable.)
- b. For an initial waiver, if the State estimates that not all eligible individuals will be enrolled in managed care (i.e., a percentage of individuals will not be enrolled because of changes in eligibility status and the length of the enrollment process) please note the adjustment here.
- c. [Required] Explain the reason for any increase or decrease in member months projections from the base year or over time:

Currently, case management services are paid on a per member, per month basis for all applicants and enrollees of the 1915 (c) HCBS waiver, Living at Home Waiver (MD 0353)as part of an administrative contract. The 1915(b) (4) will pay for case management services provided to enrollees and for transitional case management services based on a six month look back from the date of discharge. Transitional case management will only be paid as a waiver service for those applicants that successfully transition into the waiver, rather than all applicants, regardless of transition, as in the current structure. This change is evident in the decrease from the base year to the projected member months beginning with PQ1, but rises each month based on current transition trends. By the end of PY2, the member months are projected to be close to current member months. The initial decrease is not due to lower utilization of the waiver, but is a reflection of the change in the definition of the service.

- **d.** [Required] Explain any other variance in eligible member months from BY to P2:
- e. [Required] List the year(s) being used by the State as a base year:

April 2008-March 2009

If multiple years are being used, please explain:

- f. [Required] Specify whether the base year is a State fiscal year (SFY), Federal fiscal year (FFY), or other period: The base year is neither the SFY, nor FFY, it is the most recent complete year of data.
- g. [Required] Explain if any base year data is not derived directly from the State's MMIS fee-for-service claims data: The data is derived from paid invoices for case management services through an administrative contract. There is no MMIS claims data to draw upon.

G. Appendix D2.A - Administration in Actual Waiver Cost

[Required] The State allocated administrative costs between the Fee-for-service and managed care program depending upon the program structure. Note: initial programs will enter only FFS costs in the BY. Renewal and Conversion waivers will enter all waiver and FFS administrative costs in the R1 and R2 or BY.

For Initial Waivers:

a. For an initial waiver, please document the amount of savings that will be accrued in the State Plan services. Savings under the waiver must be great enough to pay for the waiver administration costs in addition to those costs in FFS. Please state the aggregate budgeted amount projected to be spent on each additional service in the upcoming waiver period in the chart below. Appendix D5 should reflect any savings to be accrued as well as any additional administration expected. The savings should at least offset the administration.

Additional Administrative Expense	Savings projected in State Plan Services	Inflation projected	Amount projected to be spent in Prospective Period
Case management			
Total:			

The allocation method for either initial or renewal waivers is explained below:

- The State allocates the administrative costs to the managed care program based upon the number of waiver enrollees as a percentage of total Medicaid enrollees *Note: this is appropriate for MCO/PCCM programs.*
- The State allocates administrative costs based upon the program cost as a percentage of the total Medicaid budget. It would not be appropriate to allocate the administrative cost of a mental health program based upon the percentage of enrollees enrolled. Note: this is appropriate for statewide PIHP/PAHP programs.
- **▼** Other

Please explain:

State plan service are not included in this 1915(b)(4) waiver, it is only for FFS selective contracting for case management services for the 1915(c) Living at Home Waiver.

Part I: State Completion Section

H. Appendix D3 - Actual Waiver Cost

- The State is requesting a 1915(b)(3) waiver in **Section A.I.A.1.c** and will be providing non-state plan medical services. The State will be spending a portion of its waiver savings for additional services under the waiver.
 - The State is including voluntary populations in the waiver.

Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:

Capitated portion of the waiver only -- Reinsurance or Stop/Loss Coverage: Please note how the State will be providing or requiring reinsurance or stop/loss coverage as required under the regulation. States may require MCOs/PIHPs/PAHPs to purchase reinsurance. Similarly, States may provide stop-loss coverage to MCOs/PIHPs/PAHPs when MCOs/PIHPs/PAHPs exceed certain payment thresholds for individual enrollees. Stop loss provisions usually set limits on maximum days of coverage or number of services for which the MCO/PIHP/PAHP will be responsible. If the State plans to provide stop/loss coverage, a description is required. The State must document the probability of incurring costs in excess of the stop/loss level and the frequency of such occurrence based on FFS experience. The expenses per capita (also known as the stoploss premium amount) should be deducted from the capitation year projected costs. In the initial application, the effect should be neutral. In the renewal report, the actual reinsurance cost and claims cost should be reported in Actual Waiver Cost.

Basis and Method:

- 1. The State does not provide stop/loss protection for MCOs/PIHPs/PAHPs, but requires MCOs/PIHPs/PAHPs to purchase reinsurance coverage privately. No adjustment was necessary.
- 2. The State provides stop/loss protection

 Describe below how the issue of selection bias has been addressed in the Actual Waiver Cost calculations:
- ☐ Incentive/bonus/enhanced Payments for both Capitated and fee-for-service Programs:
 - 1. [For the capitated portion of the waiver] the total payments under a capitated contract include any incentives the State provides in addition to capitated payments under the waiver program. The costs associated with any bonus arrangements must be accounted for in the capitated costs (Column D of Appendix D3 Actual Waiver Cost). Regular State Plan service capitated adjustments would apply.

Document

- i. Document the criteria for awarding the incentive payments.
- ii. Document the method for calculating incentives/bonuses, and
- iii. Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs do not exceed the Waiver Cost Projection.
- 2. For the fee-for-service portion of the waiver, all fee-for-service must be accounted for in the fee-for-service incentive costs (Column G of Appendix D3 Actual Waiver Cost).). For PCCM providers, the amount listed should match information provided in D.I.D Reimbursement of Providers. Any adjustments applied would need to meet the special criteria for fee-for-service incentives if the State elects to provide incentive payments in addition to management fees under the waiver program (See D.I.I.e and D.I.J.e)

Document:

- i. Document the criteria for awarding the incentive payments.
- ii. Document the method for calculating incentives/bonuses, and
- iii. Document the monitoring the State will have in place to ensure that total payments to the MCOs/PIHPs/PAHPs/PCCMs do not exceed the Waiver Cost Projection.

I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (1 of 8)

Initial Waiver Cost Projection & Adjustments (If this is a Conversion or Renewal waiver for DOP, skip to J. Conversion or Renewal Waiver Cost Projection and Adjustments): States may need to make certain adjustments to the Base Year in order to accurately reflect the waiver program in P1 and P2. If the State has made an adjustment to its Base Year, the State should note the adjustment and its location in Appendix D4, and include information on the basis and method used in this section of the preprint. Where noted, certain adjustments should be mathematically accounted for in Appendix D5.

State Plan Services Trend Adjustment – the State must trend the data forward to reflect cost and utilization increases.

The following adjustments are appropriate for initial waivers. Any adjustments that are required are indicated as such.

I. Appendix D4 - Adjustments in the Projection OR Conversion Waiver for DOS within DOP (2 of 8)

b. State Plan Services Programmatic/Policy/Pricing Change Adjustment: This adjustment should account for any programmatic changes that are not cost neutral and that affect the Waiver Cost Projection. Adjustments to the BY data are typically for changes that occur after the BY (or after the collection of the BY data) and/or during P1 and P2 that affect the overall Medicaid program. For example, changes in rates, changes brought about by legal action, or changes brought about by legislation. For example, Federal mandates, changes in hospital payment from per diem rates to Diagnostic Related Group (DRG) rates or changes in the benefit coverage of the FFS program. This adjustment must be mutually exclusive of trend and CANNOT be taken twice. The State must document how it ensures there is no duplication with trend. If the State is changing one of the aspects noted above in the FFS State Plan then the State needs to estimate the impact of that adjustment. Note: FFP on rates cannot be claimed until CMS approves the SPA per the 1/2/01 SMD letter. Prior approval of capitation rates is contingent upon approval of the SPA.

addi Plan Year	(b)(3) Adjustment: The State must document the amount of State Plan Savings that will be used to provide ional 1915(b)(3) services in <i>Section D.I.H.a</i> above. The Base Year already includes the actual trend for the State services in the program. This adjustment reflects the expected trend in the 1915(b)(3) services between the Base and P1 of the waiver and the trend between the beginning of the program (P1) and the end of the program (P2). d adjustments may be service-specific and expressed as percentage factors.

g. Payments / Recoupments not Processed through MMIS Adjustment: Any payments or recoupments for covered Medicaid State Plan services included in the waiver but processed outside of the MMIS system should be included in the Waiver Cost Projection. Any adjustments that would appear on the CMS-64.9 Waiver form should be reported and adjusted here. Any adjustments that would appear on the CMS summary form (line 9) would not be put into the waiver cost-effectiveness (e.g., TPL, probate, fraud and abuse). Any payments or recoupments made should be accounted for in Appendix D5.

1.	Payments outside of the MMIS were made. Those payments include (please describe):

h. *Copayments Adjustment:* This adjustment accounts for any copayments that are collected under the FFS program but will not be collected in the waiver program. States must ensure that these copayments are included in the Waiver Cost Projection if not to be collected in the capitated program.

i. Third Party Liability (TPL) Adjustment: This adjustment should be used only if the State is converting from fee-for-service to capitated managed care, and will delegate the collection and retention of TPL payments for post-pay recoveries to the MCO/PIHP/PAHP. If the MCO/PIHP/PAHP will collect and keep TPL, then the Base Year costs should be reduced by the amount to be collected.

Basis and method:

- 1. No adjustment was necessary
- 2.

 Base Year costs were cut with post-pay recoveries already deducted from the database.
- 3. State collects TPL on behalf of MCO/PIHP/PAHP enrollees
- 4. The State made this adjustment:*
 - i. Post-pay recoveries were estimated and the base year costs were reduced by the amount of TPL to be collected by MCOs/PIHPs/PAHPs. Please account for this adjustment in Appendix D5.

j. Pharmacy Rebate Factor Adjustment: Rebates that States receive from drug manufacturers should be deducted from Base Year costs if pharmacy services are included in the fee-for-service or capitated base. If the base year costs are not reduced by the rebate factor, an inflated BY would result. Pharmacy rebates should also be deducted from FFS costs if pharmacy services are impacted by the waiver but not capitated.

Basis and Method:

1.		Determine the percentage of Medicaid pharmacy costs that the rebates represent and adjust the base year
		costs by this percentage. States may want to make separate adjustments for prescription versus over the counter drugs and for different rebate percentages by population. States may assume that the rebates for the
		targeted population occur in the same proportion as the rebates for the total Medicaid population which includes accounting for Part D dual eligibles. Please account for this adjustment in Appendix D5.
		Please describe
2.		The State has not made this adjustment because pharmacy is not an included capitation service and the

Special Note Section:

Waiver Cost Projection Reporting: Special note for new capitated programs:

The State is implementing the first year of a new capitated program (converting from fee-for-service reimbursement). The first year that the State implements a capitated program, the State will be making capitated payments for future services while it is reimbursing FFS claims from retrospective periods. This will cause State expenditures in the initial period to be much higher than usual. In order to adjust for this double payment, the State should not use the first quarter of costs (immediately following implementation) from the CMS-64 to calculate future Waiver Cost Projections, unless the State can distinguish and exclude dates of services prior to the implementation of the capitated program.

- a. The State has excluded the first quarter of costs of the CMS-64 from the cost-effectiveness calculations and is basing the cost-effectiveness projections on the remaining quarters of data.
- **b.** The State has included the first quarter of costs in the CMS-64 and excluded claims for dates of services prior to the implementation of the capitated program.

Special Note for initial combined waivers (Capitated and PCCM) only:

Adjustments Unique to the Combined Capitated and PCCM Cost-effectiveness Calculations -- Some adjustments to the Waiver Cost Projection are applicable only to the capitated program. When these adjustments are taken, there will need to be an offsetting adjustment to the PCCM Base year Costs in order to make the PCCM costs comparable to the Waiver Cost Projection. In other words, because we are creating a single combined Waiver Cost Projection applicable to the PCCM and capitated waiver portions of the waiver, offsetting adjustments (positive and/or negative) need to be made to the PCCM Actual Waiver Cost for certain capitated-only adjustments. When an offsetting adjustment is made, please note and include an explanation and your calculations. The most common offsetting adjustment is noted in the chart below and indicated with an asterisk (*) in the preprint.

n. Incomplete Data Adjustment (DOS within DOP only) – The State must adjust base period data to account for incomplete data. When fee-for-service data is summarized by date of service (DOS), data for a particular period of time is usually incomplete until a year or more after the end of the period. In order to use recent DOS data, the State must calculate an estimate of the services ultimate value after all claims have been reported. Such incomplete data adjustments are referred

to in different ways, including "lag factors," "incurred but not reported (IBNR) factors," or incurring factors. If date of payment (DOP) data is used, completion factors are not needed, but projections are complicated by the fact that payments are related to services performed in various former periods.

Documentation of assumptions and estimates is required for this adjustment.:

= Using the appoint DOS approachants, the State is actimating DOS within DOD

1.		Using the special DOS spreadsheets, the State is estimating DOS within DOF.
		Incomplete data adjustments are reflected in the following manner on Appendix D5 for services to be complete and on Appendix D7 to create a 12-month DOS within DOP projection:
2.		The State is using Date of Payment only for cost-effectiveness – no adjustment is necessary.

PCCM (Cas	e Management Fees (Initial PCCM waivers only) – The State must add the case management fees that will
		by the State under new PCCM waivers. There should be sufficient savings under the waiver to offset these wy PCCM case management fees will be accounted for with an adjustment on <i>Appendix D5</i> .
		E THE STATE OF THE

This adjustment is not necessary as this is not an initial PCCM waiver in the waiver program.

- **p.** *Other adjustments:* Federal law, regulation, or policy change: If the federal government changes policy affecting Medicaid reimbursement, the State must adjust P1 and P2 to reflect all changes.
 - Once the State's FFS institutional excess UPL is phased out, CMS will no longer match excess institutional UPL payments.
 - Excess payments addressed through transition periods should not be included in the 1915(b) cost effectiveness process. Any State with excess payments should exclude the excess amount and only include the supplemental amount under 100% of the institutional UPL in the cost effectiveness process.
 - For all other payments made under the UPL, including supplemental payments, the costs should be included in the cost effectiveness calculations. This would apply to PCCM enrollees and to PAHP, PIHP or MCO enrollees if the institutional services were provided as FFS wrap around. The recipient of the supplemental payment does not matter for the purposes of this analysis.

L. Appendix D6 – RO Targets

The State should complete these appendices and include explanations of all trends in enrollment in Section D.I.E. above.

Enrollment in the 1915(c) waiver for which the concurrent 1915(b)(4) waiver is being requested, has consistently increased in each of the last three years. The base year data suggests that the waiver has grown by between 4 and 5 members each month. Further the State projects that efforts under the Money Follows the Person demonstration will further accelerate the growth of the waiver over

time. As waiver growth is driven by institutional transitions, Maryland estimates a steady increase of 3% in the rate of institutional transitions per quarter. This translates to close to 9% total waiver enrollment growth per year. The initial drop in member months in P1 is based on the change in payment methods for the case management service requested. Currently, this service is provided through an administrative contract and includes monthly payments for individuals who are applicants to the waiver. Under the 1915 (b)(4) waiver, this service may only be paid for individuals who are current waiver participants. Further, federal rules limit payment for case management to services provided in the 6 months prior to the transition. Only the comprehensive transitional case management services that are not able to be paid for as Medicaid administration will be billed as a waiver service for individuals who transition from an institution. The Medicaid administrative case management services will be billed separately under the State's cost allocation plan. Since only a portion of the current service is provided under this waiver, a reduction in member months is predicted in the first year; however, this does not reflect lower utilization of the waiver, just a change in the definition of the service.
